CSEA Legal Services Program

CSEA Legal Services Program provides legal representation in five distinct areas:

“Taking Care of Business” Plan — You have worked hard to own a home and save for retirement, which could be threatened by illness, disability or death. CSEA Plan attorneys will review your present situation and make recommendations on what you should do immediately. They will: prepare basic legal documents such as Wills, Power of Attorney, Health Care Proxy, Family Trust, and Living Trusts; counsel you on estate tax planning strategies, IRA and pension fund planning, guardianships, long-term care insurance options, asset protections in face of catastrophic illness; represent you in the Medicare/Medicaid application process, probate and estate administration. Plan attorneys discount their regular fees by 20% for CSEA members and family. Without the CSEA discount, these services would cost you much more. It’s never too late or too early to consult with a Plan attorney. Even if a family member is already in a nursing home, greater asset protection may be available.

The CSEA Legal Department oversees the Legal Services Program and has endorsed the statewide law firm of Fine, Olin & Anderman, LLP (FOA) to represent members for the injury-related matters described below.

Workers’ Compensation — If you are injured on the job or suffer from a work related illness, FOA will help you file the necessary paperwork to establish your claim at the Workers’ Compensation Board and an attorney will provide legal representation for your case. You will also be assigned a legal assistant who will be your day-to-day phone/computer contact for any Workers’ Compensation questions related to your case. There is no attorney’s fee payable by you unless an award is made by the Workers’ Compensation Board.

Social Security Disability (SSDB) — If you cannot work for at least a year due to any medical condition, you may be eligible for Social Security Disability benefits. FOA staff will help you with the necessary paperwork to file your claim, and an attorney will provide legal representation for an appeal if you are denied. FOA attorneys do not require any upfront payment for representation and only receive a fee if they are successful in obtaining SSDB for you or winning an appeal if you are initially denied.

Personal Injury Matters — If you suffer an injury due to the negligence of a third party, FOA can help you with product liability matters, falls, automobile, construction accidents, medical malpractice and any other liability case with significant personal injuries.

continued on page 6.
There is no legal fee payable unless the law firm is successful in recovering money on your behalf. If the case is favorably resolved, the law firm usually receives 1/3 of the net settlement as its fee.

Veterans Disability Benefits — You may be eligible for compensation if you were wounded, injured, became ill while on active duty, or have been diagnosed with a disease, post traumatic stress disorder (PSTD) or traumatic brain injury (TBI) relating to your service in the Armed Forces. Pre-existing injuries or illnesses aggravated by military service may also be covered. If you have applied for veterans disability benefits and were denied, we can represent you for the appeal. FOA attorneys do not require any upfront payment for representation and only receive a fee if they are successful with your appeal. FOA fees are paid from the benefits that the veteran receives.

Personal Legal Matters — If you need legal help for non-injury legal matters, CSEA’s Personal Legal Services Plan can help. If you pay a small enrollment fee, you can receive some free legal services [1 hour consultation; a simple Will, Health Care Proxy, Power of Attorney or a simple document review], and be eligible for reduced pre-published attorney fees for other matters. Alternatively, without any enrollment fee, you just pay the reduced rates in the Fixed Fee Schedule for services provided by a Plan Attorney.

With our consolidated CSEA LEGAL SERVICES PROGRAM, you can rest well, knowing that you will have quality legal representation at no out of pocket cost or, where there are fees, at pre-published discounted fees known by you beforehand. CSEA Program attorneys are selected for their expertise and their commitment to our members. The CSEA Legal Department addresses any member concerns raised with us regarding the CSEA LEGAL SERVICES PROGRAM immediately with the attorney and does a full review and response to the complaint.

To access the CSEA LEGAL SERVICES PROGRAM for non-injury related plans call CSEA at 1-800-342-4146. For injury-related plans call Fine, Olin & Anderman (FOA) at 212-267-7650.
Term Life Insurance
There are two CSEA Sponsored Group Term Life plans available: Basic and Premier. This gives you options so that you can find the coverage you need at a price you can afford. Members can apply for up to $250,000 in coverage, spouses/domestic partner up to $150,000, and dependent children up to $10,000 (eligible to enroll up to age 26). Rates for Term Life insurance are based on five-year age bands; so your premium is determined by your age. Also, new Members who apply within 180 days of joining CSEA are eligible to enroll for up to $50,000 in coverage without answering any medical questions.

Disability Insurance
The CSEA Sponsored Group Disability Insurance Plan provides monthly benefits if you are unable to work due to sickness or accident — from an on-the-job accident to a bad case of the flu. In short, it provides protection for your paycheck and pays in addition to sick time, Workers Comp and any other insurances you may have — there are no off-sets. The plan has been enhanced with a Compassionate Care Benefit for a qualifying FMLA event and Optional Spouse Accident-Only Disability coverage. Get up to $1,500 for Clerical employees or $1,200 for Non-Clerical employees in monthly benefits without answering any medical questions.

The CSEA Sponsored Group Comprehensive Accident Protection Insurance Plan provides three different accidental coverages under one plan: “Accident Hospital Indemnity, Accident Disability Income and Accidental Death.” CAP can help protect you from the potential financial hardships an accident may cause. Acceptance is guaranteed for eligible members and spouses/domestic partners with no medical exam or health questions.

Pearl Insurance

Whole Life offers rates that will not increase with age. Universal Life builds cash value that earns interest & offers flexible premium options.

**Critical Illness Insurance**
The CSEA Sponsored Group Critical Illness Insurance Plan pays lump sum benefits to help with the personal and financial challenges that other health and life insurances do not address in dealing with a serious illness.
