FOR IMMEDIATE RELEASE:

June 9, 2020

Jamie Romeo endorsed by CSEA

Monroe County – (June 9, 2020) CSEA has formally announced it is endorsing the candidacy of Jamie Romeo for Monroe County Clerk. Romeo, who was first elected to the NYS Assembly District 136 in the fall of 2018, was appointed Monroe County Clerk earlier this year by Governor Cuomo. CSEA represents more than one hundred employees who work for the Monroe County Clerk’s Office. Primary Election Day is June 23.

Steve Healy, Western Region President calls Romeo a stellar public official. “Jamie has proven time and time again that she has the intelligence, hard work ethic and the creative know-how to take the clerk’s office to new heights. She has exceptional people skills too—and gets proven results. We wholeheartedly support Jamie’s candidacy and look forward to a very productive relationship.”

“During troubling times like we are now experiencing, it is critical we support and elect battle-tested leaders like Jamie,” said CSEA Monroe County Local President Jim D’Amico. He added, “She respects and understands the value of our county employees and she is a great collaborator. We will do everything in our power to make sure she continues to be our County Clerk.”

“The successful operation of the County Clerk’s Office is predicated on the hard-working efforts of CSEA members,” said Romeo. “Over the years, I have witnessed first-hand the extraordinary talent and effort our employees demonstrate each and every day to bring vital necessary services to our community. It’s a real privilege to work alongside such talented and resourceful employees. I am humbled to receive CSEA’s endorsement and pledge to strive every day to ensure the Clerk’s Office is the strong, inclusive and dynamic work environment our community deserves.”

CSEA’s Western Region covers 14 Western New York counties, supporting workers in more than 80 locals and 220 units in state government, local government, school districts, library systems, public authorities and the private sector. The region has approximately 46,000 members. There are more than 275,000 CSEA members statewide.
