

# Don't Close Juvenile Justices Facilities

The Governor has proposed to close four OCFS juvenile justice facilities. These facilities provide a safe environment for youths to rehabilitate.

- **Red Hook Residential Center**
- **Columbia Girls Secure Facility**
- **Goshen Secure Facility**
- **Brentwood Residential Center**

OCFS has no plan on where the youths would be transferred. Closures would force families to travel long distances to see loved ones and lead to loss of employment for workers.
