

Why CSEA Members should **VOTE YES** on Prop. 1:

The Clean Water, Clean Air, and Green Jobs Environmental Bond Act of 2022

The transition to renewable energy will impact many CSEA members

This Bond Act will provide critical funding to ensure that workers are not left behind

The Bond Act will provide
\$4.2 billion to fund:

Electric school bus fleets
Green infrastructure and renewable energy projects at SUNY campuses, community colleges, public schools, and other public buildings
Open space conservation and recreation
Water infrastructure
Labor and “Buy American” standards for these projects
