# EFS SYSTEM ACCESS

Two separate processes are required to assure a union's secure access to the EFS:

- Part 1: User Registration

Every person who needs to prepare, review, or sign the LM Forms will need to register for an EFS user account and password to access the system.

- Part 2: Union Registration

A Local/Region representative will register to obtain a unique Private Identification Number (PIN) for the union.

User Registration is the first step in gaining access to EFS.

# OBTAINING A PIN FOR YOUR UNION

Each reporting union must obtain a PIN to gain access to the EFS

- A PIN is a Private Identification Number assigned to a union, and known ONLY by those who need to access the union's information through EFS.
- A union should select one representative to obtain the unique PIN.
- Only one PIN will be assigned to each filing union.
- The union representative assigned to obtain the PIN will then distribute this PIN to any individuals who prepare, review, or sign the LM forms.
- The union will need to obtain a new PIN every year to maintain authorized access to its LM forms.
- There is no charge associated with obtaining a PIN.
